### What's a four Man Scramble?

The idea is for all 4 players to hit from the tee area, then decide which of the four balls is in the best position (all players get the benefit of the best ball). All players then proceed to the best shot. After their second shot, the group continues to select and play the best shot until the ball is holed. Any team with less than four members will forfeit the shots of the players not in attendance! Also, each team must use at least 1 shot off the tee of each golfer.
